

2018 State Finals 5k & 10K Runs

The 2018 North Carolina Senior Games will host both a 5K and 10K race. **The races will start at the same time and will share the finish line at the Ropes Course Shelter next to ball fields 5 & 6.** While the course will have ample signage and volunteers to direct runners, it is important for the all participants to know the course they are racing. Please review the map and run the course in advance.

Here are a few details: Due to construction in the park the course is changed from previous years. The new course has an out and back leg. Both the 5K and 10K will run on a variety of surfaces including, asphalt, dirt, and mulch. On the back side of the Pine Cone Trail there are earthen steps with rail road tie edges. The steps are not in the same cadence you would find on standard rising steps. I am 5'4" and I need to take a stride on each step. I cannot reach from one to the next in a single stride. These steps go up for about 50 meters and then down for about 50 meters. They are not steep but you do have to get a rhythm when running them. Last year we had rain on race day which makes the mulch soft and spongy.

The 5K loop has 4 road crossings. The 10K repeats the 5K course and has 8 road crossings. The road crossings will be marked with signage and staffed by volunteers. Please be sure to look for traffic when crossing any road.

We highly recommend you run the course in advance.

See you at the race!
